

Welcome to P2D!

24/08/2015

I hope everyone had a wonderful summer holiday and is looking forward to learning together over the next year. Our topic in the first term will be 'The Senses'. If you would like to share your knowledge, or know anyone who does, please contact me by leaving a message at the office or catching me after school. To further improve the quality of learning experiences we would appreciate parent helpers. Help with reading and outdoor learning is particularly important. If you can give up any of your valuable time to help please let me know.

Reading will be on Tuesdays and Thursdays. Library will be on Mondays. Please help to ensure your child has the relevant books on these days.

We will have P.E. on Mondays and Tuesdays. Please ensure your child's P.E. kit has their name written on it (as well as jumpers).

Book bags with homework diaries are to be brought to class every day.

In literacy this term we will be focusing on personal writing, continuing active literacy in spelling and learning about capital letters, nouns, alphabetical order and when to use 'a' or 'an' in grammar.

In numeracy we will be consolidating our knowledge of numbers up to 100 by being able to recognise, recall and order the numbers as well as counting in 2,3,4,5 and 10. Our practical maths focus will be on 2D and 3D shapes.

In health and wellbeing we will be focusing on creating a learning community within the class. The children will be learning about sharing, turn taking and friendship as well as listening to make everyone's time in P2 as happy as can be.

If you would like to meet to discuss anything regarding your child please write a message in the Homework Diary or phone the office to book an appointment.

Kind regards

Leanne Robertson (Class Teacher)
