| Overall, I am happy with the quality of care my child receives in this service. | 47% | 46% | | | 7% | |

Banchory Primary School Nursery Quality Assurance Questionnaire

Please put any further comments you have about the nursery in the following box.

Positive

- * The new email updates and pictures is an excellent idea I think it will help parents understand what goes on at nursery.
- * Outdoor play and excursions are super, please continue.
- * Overall my child seems genuinely happy in the nursery and I am very pleased.
- * The staff all do a wonderful job and provide a nurturing environment for the kids - praise perhaps not given often enough!
- * I am very pleased with the happy atmosphere in the nursery, created by the super staff.
- * I think the nursery is very well run and I know Child A is learning and happy at nursery.
- * Both child B and I have bonded well with the teachers and as his mother I take great comfort in seeing him enjoy his time as well as learning and developing within himself.
- * Some members of staff are very enthusiastic

Neutral

- * My daughter only started in August and is just newly 3 so she is a bit young to have an education programme.
- * Playing, integrating with her peers and learning through play and singing etc is great for her now and I know things will develop as she does.
- * It was quite difficult to complete the whole of this form with full accuracy as my child has only been in attendance at the nursery for one full week so far but to date he seems very happy.
- * I would say that the induction process (particularly for those in pre-school) could have been a lot quicker. I definitely felt my child could have started full sessions a lot sooner than permitted.
- * Child A settled in well however but it would be good to have a five minute chat with a teacher if a child is starting mid term.
- * I feel that there is not so much feed-back on an individual basis - I would like to know where his weaknesses are at nursery so that I can work on them out with nursery times. This may be due to it being a very busy time with pick ups and drop offs which I appreciate.
- * I would appreciate a warm welcome - every day
- * Feedback (just a little) would be helpful to know as to how your child is doing at the end of the week.

Banchory Primary School Nursery Quality Assurance Questionnaire

Negative

- * Not all children tell what has been happening each day which may contribute to some answers!
- * Maybe a short notice re:snack and activity on noticeboard so we know and can ask about?
- * I sometimes feel that there are too many activities available at once, choice is good but these could be staggered through the day.
- * Child A started last January and as it wasn't a normal intake I didn't feel there was enough information from the staff about the nursery.
- * Feel it is very unwelcoming environment, classic example - first day the nursery door was opened but nothing was said. The staff don't smile, they don't greet you and very rarely speak.
- * Have no idea what my child is doing or how my child is doing
- * Lack of communication re upcoming events ie Tempest Photography and Welly Walk

If you would like to discuss any individual concerns please do not hesitate to contact any member of the nursery team.

Many Thanks
