Dear Parent/Carer,

I hope you are all keeping safe and well.

During this very difficult and uncertain time we have had great pleasure in working alongside some local charities in order to help families in need.

We have been working alongside Banchory's Number One Community Resilience Team; Aberdeenshire South Food Bank; Banchory Ternan East Church of Scotland and AberNecessities.

Aberdeenshire South Food Bank can provide very generous food parcels being supplied for collection or delivery on Wednesdays or Fridays.

AberNecessities can assist with and deliver essential items including children's clothes, footwear, bedding and toiletries to those who have found themselves in need of help due to a change of income.

Banchory's Number One Resilience Team are the official support network led by the Banchory Community Council who can provide the following services:

Shopping – they can pick and deliver your shopping for you every week if you are shielding

Prescriptions – they can collect and deliver from both chemists

Food delivery – they have a list of shops that they will deliver from

Emergency Repairs – they have a list of trades still working and can help arrange a repair

Bored? – they have books, magazines, puzzles and games to offer

For those who have unfortunately found yourselves with a change in financial circumstances and could benefit from a little extra assistance at this time the Number One Resilience Team can also assist with weekly food parcels for collection or delivery.

For anyone requiring any of the above help I can be contacted in the strictest of confidence by email:

karen.low@aberdeenshire.gov.uk

Kind regards
