Hazard	Person/s Affected	Risk	Risk level before controls are in place (delete as appropriate)			Control Measures	Risk level after controls are in place (delete as appropriate)		
			L	M	H		L	M	H
Spread of virus through contact with others	Children, young people and staff	Infection being passed to pupils and staff resulting in illness and absence from establishment.	L	M	H	<ul style="list-style-type: none"> Encourage vaccination Information on securing an appointment can be found at: The coronavirus (COVID-19) vaccine (nhsinform.scot) Optional wearing of face coverings by individuals. Staff and learners still wishing to wear face coverings supported to do so. The wearing of face coverings will not be mandatory, but it will remain encouraged in indoor communal areas in line with the workplace guidance. Distancing where possible between adults and adults, adults and pupils where possible in line with the wider societal guidance on physical distancing in schools or on dedicated school transport. Clear signage regarding social distancing Appropriate wearing of PPE based on clear assessment of risk Shielding advice followed for those staff and pupils on the Highest Risk List. Individual risk assessment completed for employees in this category returning to workplace setting. Continued maximising the use of ventilation to reduce the risk of virus transmission. Follow Scottish Government advice on ventilation. Use CO2 monitoring where appropriate. Follow Scottish Government advice for general guidance for safety in the workplace 	L	M	H

						<ul style="list-style-type: none"> School day visits and residential stays are permitted in keeping with guidance on school visits and trips: Coronavirus (COVID-19): school visits and trips - gov.scot (www.gov.scot) Promote the Distance Aware Scheme. 			
People Symptomatic Attending ECS Establishments	Children, young people and staff	Spread of infection	L	M	H	<p>Children, young people and staff must stay at home and self-isolate if they:</p> <ul style="list-style-type: none"> have symptoms of COVID-19, whether they feel unwell or not have tested positive, even if asymptomatic are required to self-isolate for any other reason in line with the requirements set out on NHS Inform are identified as a close contact and are over 18 years and 4 months and not fully vaccinated Clear repeat messaging of advice to parents / carers Promote social distancing where possible between staff and staff, staff and pupils, staff and parents / carers / visitors. Follow current testing advice from Scottish Government. Public health advice on testing, self-isolation and managing confirmed cases of COVID-19 followed as per the relevant Scottish Government guidance and Test and Protect NHS inform. Follow Testing Transition Plan (ceasing on regular testing for asymptomatic people) 	L	M	H
Spread of infection from symptomatic individual	Children, young people and staff	Infection being passed to pupils and staff resulting in illness and absence from establishment.	L	M	H	<ul style="list-style-type: none"> Follow Test and Protect guidance Symptomatic student / Staff member sent to the designated isolation room/space, using face covering provided until collected or staff member returns home Make parent//carer or staff should be made aware of the Test and Protect process, and the school consult with local HPT. First Aider contacted with COVID related symptom advice, puts on relevant PPE – supervises ill user until collection (supervised outside the room). Cleaning Services notified for designated isolation room/space and any toilets used deep clean following covid-19-decontamination-in-non-healthcare-settings. <p><u>With the group/class</u></p> <ol style="list-style-type: none"> Where student/staff has been identified displaying COVID related symptoms, lesson proceeds in situ for the remainder of that period or the class decanted to another area (local decision from dynamic risk assessment undertaken). When decanting add sign to the outside of the door putting the room out of use for that day and a sign on the relevant workstation. Staff member notifies line manager and Cleaning Services to enable deep cleaning to take place. Alternative locations are found for classes due to be in that room/area 	L	M	H
